Summary

Night operations lead running a freight dock with 14 people on the roster. Cut late departures from 31 a month to 9 by changing the pick waves and the shift handover.

Experience

Operations Lead, nights, Quillmoor Freight *Jul 2023 – present*

Run the night dock with 14 people on the roster. Cut late departures from 31 a month to 9 a month by December 2023, by moving pick waves earlier and adding a one-page handover sheet (dispatch log). Prepare the monthly overtime forecast for the site's budget owner. No lost-time injuries on my shift since July 2023. All 4 near-miss reports last year closed inside a week.

Shift Supervisor, Quillmoor Freight *Mar 2021 – Jul 2023*

Floor lead for the move from paper pick slips to handheld scanners; IT did the system side. Wrote the new-starter checklist used by everyone who has started since 2022.

Stores Officer, Brackenfield Hospital Supply *Feb 2017 – Feb 2021*

Looked after the stockroom for 3 wards and placed their weekly orders. Started a weekly count of expiring stock to reduce what was being thrown out. Trained 2 casuals on the ordering system.

Education

Diploma of Logistics, Westgate TAFE *2016*

Certificates and training

Forklift licence and HR licence, both current. Two-day Lean Yellow Belt introduction, 2022.

Skills

Tools: Excel (forecasts, pivot tables), handheld scanner systems, ward ordering systems.
